

# *Covid-19*

## *& The Time of The End*

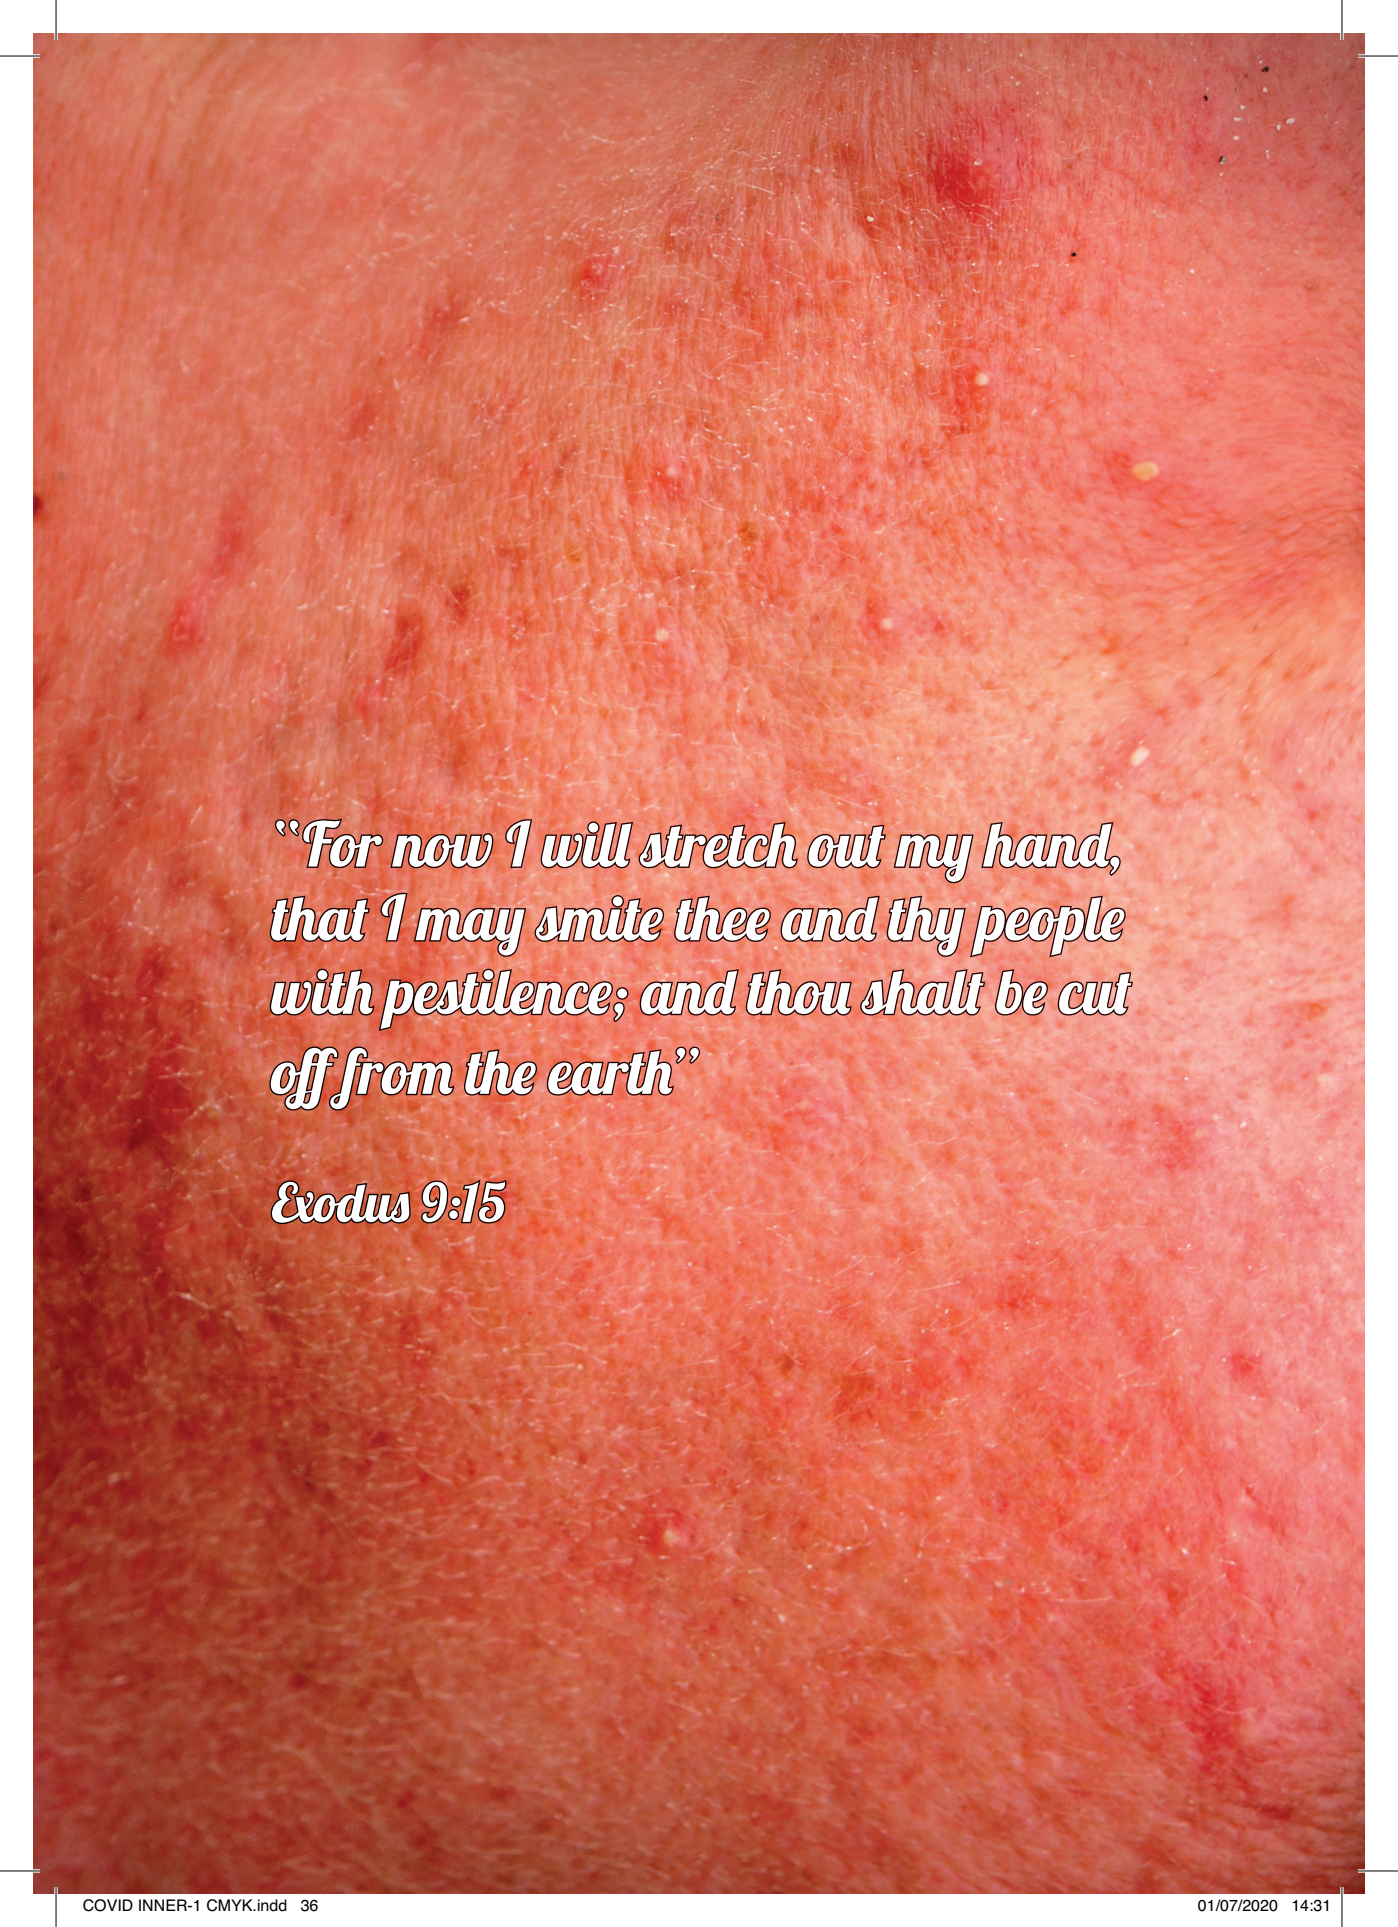

*“what saith the scripture?”*  
*Romans 4:3, Galatians 4:30*

*Alan James O'Reilly*

A close-up photograph of human skin, showing a large, irregularly shaped area of redness and inflammation. The skin in this area appears slightly raised and has a textured, almost scaly appearance. There are several small, yellowish-white spots scattered across the red area, which could be pustules or crusting. The surrounding skin is a normal, light skin tone. The overall appearance is consistent with a severe skin reaction, such as a severe allergic reaction or a viral infection.

*“For now I will stretch out my hand,  
that I may smite thee and thy people  
with pestilence; and thou shalt be cut  
off from the earth”*

*Exodus 9:15*
